

Weatherization Assistance Program (WAP)

Updated: 05.09.2022

**WEATHERIZATIONS
WORKS!**

The Weatherization Assistance Program (WAP) is a partnership with the client and the weatherization team (intake staff, pre/post inspectors, contractors, etc...) with the goal to make the home more comfortable, safe, healthy, and energy-efficient. Weatherization measures may include, but are not limited to: Air sealing, insulation, furnace repair/replacement, & smoke/carbon monoxide detector installation.

All appointments are conducted by telephone, so you don't need to travel anywhere to schedule your appointment and get your weatherization application started today!
