

Contract with the Weatherization Assistance Program

Help your community reduce its carbon footprint

INCREASE YOUR BUSINESS REVENUE

Building your Business?

The Weatherization Assistance Program helps Michigan families reduce their energy consumption and lower utility bills. Be part of this growing program by contacting your local weatherization operator.

- No bidding on jobs
- No advertising costs
- Year-round work
- Regular, on-time payments
- Scope of work NOT homeowner-driven
- Upgrade your team's skill level with FREE training
- Increase community connections
- Promote your business as eco-friendly
- Business sustainability

The Weatherization Assistance Program is funded by the Department of Energy and is available in all 83 counties in Michigan. Strong bipartisan support has recently tripled the amount of funding to help Americans reduce household energy consumption and to help ensure safe and healthy homes for those who qualify.
